Project Proposal

Date Prepared : 2008.09.19 11:55:57 By : ADISAK

Proposal Number	50005	Proposal Date	2008.09.10
------------------------	--------------	----------------------	-------------------

Short Description:

Purchase of Playground equipments

Estimated Cost	6900	EURO
-----------------------	-------------	-------------

Start Date	2009.01.01	End Date	2009.12.31
-------------------	-------------------	-----------------	-------------------

Requested by	Khun Assaraporn Yolsopon
---------------------	---------------------------------

Project Manager	Khun Assaraporn Yolsopon
------------------------	---------------------------------

Complete Project Description:

The Fr. Ray Children's Village was opened (in 2008) with the aim of providing a home for poor, abused and neglected young children. The children live in a homely atmosphere with other children who become their brothers and sisters, all taken care of by a specially trained 'mother' and 'aunt'. Providing this kind of environment for the children to grow can only be of benefit as the children develop into teenagers and young adults.

The Village's outdoor recreation playground area will soon be ready for use. We intend that the aim of this playground project is to provide an appropriate and safe playing facility for our children, which will enable physical and mental skills to be developed. Provision of the playground equipment will be beneficial to the children, as they will learn many traits such as sharing and looking after their equipment while they fully enjoy the facilities and develop their bodies and minds.

Approved in Pattaya, Thailand by:

Fr. Lawrence Patin, C.Ss.R.
